# From Your Pastor

This week we got a sneak peek at fall as the temperatures were mostly mild. Can you remember a Labor Day with more pleasant temperatures?

Of course, fall is technically not here, at least not yet. There are likely some hot days ahead of us, but we know that the change of seasons is coming.

It can be helpful for me to think of life in terms of seasons. For example, when I am going through a particularly hard time, I try to remember that things change. When life seems to be going smoothly, I try not to take the good times for granted.

My cousin shared something interesting with me concerning her husband's recent diagnosis of a particularly challenging form of cancer. He has been very ill recently.

She said, "One day at a time. That is all we focus on. Cancer is teaching us this." She then added, "Really, whether you have cancer or not, this is all you have."

This reminded me of a song:

One day at a time, sweet Jesus  
That's all I'm asking of You  
Just give me the strength to do every day  
What I have to do

Whatever the season, let's rely on God for strength and be mindful of his mercies.

Blessings,  
Ande
